Deferred rates payment option

Eligible ratepayers are able to defer the payment of that portion of their general rate amount that is over and above the Minimum General Rate set for the rating category in which the property is included.

The deferment will assist those ratepayers whose General Rate is higher than the Minimum General Rate. The deferred rates will accumulate as a debt against the property until it is sold, until some other pre-determined date or until the passing of the ratepayer.

For example, a ratepayer with a general rate bill of \$1200.00 per year and with a minimum general rate for the category of \$841.00 would be entitled to defer \$359.00 per year.

The ratepayer also needs to pay water and sewerage rates and charges and is eligible for pensioner and rates discounts. Should the minimum general rates be unpaid or unaffordable, payment plans will also be scheduled.

Who is eligible?

To be eligible to defer payment of part of your general rate the following must apply:

- You must own and occupy the property
- Your general rate must be more than the Minimum General Rate

And you must meet one of the following conditions:

- Holder of a Queensland Pension Concession Card, issued by Department of Social Security or Department of Veteran Affairs
- A Repatriation Health Care Card for all conditions or a Gold Card issued by the Department of Veteran Affairs
